

GENERAL CARE

Eye Cleaning Pads

Soft, pre-moistened pads that lift tear stains and dried discharge without irritating the eye — ideal for daily use.

Overview

Brachycephalic breeds, white-coated dogs and cats with chronic epiphora need their eyes wiped daily, and owners need something safer than a paper towel. Our eye pads are lint-free, pre-moistened with a sterile-filtered saline base and infused with chamomile and boric acid to dissolve crust and gently lighten staining over time.

Each pad is sized for one eye, single-use, and free of alcohol, fragrance and preservatives that can sting.

Key features

- Lint-free, ultra-soft pads for the delicate periocular area
- Sterile-filtered saline base with chamomile and boric acid
- Removes discharge, crust and tear stains
- Alcohol-free, fragrance-free, non-stinging
- One pad per eye — prevents cross-contamination
- For dogs, cats and small mammals

Specifications

Count	100 pads per jar
Pad size	6 cm round
Key ingredients	Purified water, sodium chloride, boric acid, chamomile extract
Shelf life	36 months
Packaging	Resealable jar; 12 per case

Applications

- Daily tear-stain management
- Brachycephalic and white-coated breeds
- Post-surgical periocular hygiene
- Cats and small mammals with ocular discharge
