

GENERAL CARE

Pet Body Wipes

Extra-large, pH-balanced wipes for paws, coat and skin folds — a bath-free clean-up that pets tolerate.

Overview

Muddy paws, post-walk clean-ups, skin-fold maintenance in brachycephalic breeds and freshening between baths: body wipes handle the small jobs that keep pets comfortable and homes clean. Ours are thick, textured and generously sized so one wipe does the work of three.

The gentle formula is pH-balanced for animal skin, free of alcohol and parabens, and enriched with aloe vera, colloidal oatmeal and vitamin E to soothe rather than dry.
